

CDBG-R SUBMISSION TEMPLATE **& CHECKLIST**

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>)
- (4) Signed and Dated [SF-424](#).

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Energy Efficient Housing Program

Activity Narrative: In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

Funds will be used to supplement regular CDBG dollars in order to assist more homeowners. Preference will be given to projects that include siding, windows, and energy efficient furnaces.

- Preserving and creating jobs and promoting economic recovery;
Funding will allow the City to perform additional rehabs, thus providing additional work for area contractors.
- Assisting those most impacted by the recession;
City of Canton housing program guidelines require qualifying homeowners to be low to moderate-income.
- Providing investment needed to increase economic efficiency;
N/A
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
Providing families with energy efficient homes will help reduce the percentage of their income needed for housing.
- Minimizing or avoiding reductions in essential services; or
Cuts in CDBG funding in previous years have reduced the number of emergency and partial rehabs the City is able to perform. This funding will allow the City to assist 12 or more additional homeowners.
- Fostering energy independence.
Making the homes of low-income families more energy efficient will help reduce overall energy demand.

Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

This funding will allow the City to award a minimum of 12 additional rehab jobs to City contractors.

Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Preference will be give to projects that include siding, windows, and energy efficient furnaces and reduce overall energy demand.

Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Canton Community Improvement Corporation (CCIC)

Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

The City contracts with the CCIC for services designed to encourage and promote the development of the City. The CCIC meets with potential business partners with and on behalf of the City, evaluates business plans, and provides technical assistance. The CCIC board awards grants and low-interest loans from CDBG funds and other sources to businesses to create and/or retain jobs in the City. Projects awarded must meet HUD guidelines regarding benefit to low-income families.

At this time, the CCIC has applicants they are unable to assist due to lack of funds. However, not all of those projects are ready to move forward in time to meet the Recovery Act deadline. The CCIC would fund already approved programs with some of the CDBG-R funds and then use regular CDBG funds to award funds to additional projects they would not otherwise be able to assist.

Approved Projects

- Preserving and creating jobs and promoting economic recovery;
S & K Extrusion - \$60,000 has been approved to create 10 new full-time positions and retain 3 full-time positions. Funds will be used to purchase materials and equipment. The company will invest an additional \$437,000.

Gervasi 1700 LLC - \$19,891 funds to provide infrastructure improvements for an agricultural/commercial business. This project is a new business in for the City.

Koch Knight - \$68,096 has been approved for a project that will retain 50 full-time positions. Funding will be used for the extension of a water line to assist with fire suppression needs. The company engineers, manufactures and installs corrosion-proof process equipment used in chemical, mining, pharmaceutical, environmental and pulp and paper industries worldwide. Total project investment is \$400,000.
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Potential Projects

- Preserving and creating jobs and promoting economic recovery;
Buckeye Protective Services - \$60,000 project for expansion of a security business with 20 employees in the City, 300 employees statewide and customers in 7 states

City Center Gym - \$150,000 has been approved to purchase equipment to for a new fitness center downtown. Total equipment cost will be \$249,000. There will be six full-time jobs when the center opens, and there are plans to add an additional four full-time jobs within five years.
- Assisting those most impacted by the recession;
Goodwill Industries – \$100,000 - Expansion of a building that houses a campus for public services. Project will add office space and create more than 100 jobs. Services provided at the campus assist low-income and at-risk populations. Total project investment is expected to be \$2.2 million dollars.
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
Midwest Industrial Supply – Seeking \$45,000 for expansion of a company that provides environmentally friendly solutions for containing dust, erosion control and soil stabilization. Research and Development division in Canton has 75 employees and project will create 45 new positions.

Onesto Hotel - \$85,000 – Funding for removal of asbestos, environmental remediation, and installation of a geothermal HVAC system in a historic building being renovated for conversion to housing and commercial and business space.

- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

All projects approved and underway will create and/or retain jobs. Existing/underway projects will retain 53 full-time positions and create an additional 20 full-time positions.

The City anticipates funding all potential projects listed with the addition of the CDBG-R funds. These projects involve almost 400 existing positions and would create approximately 160 new positions.

Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Youth Development Services

Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

The Youth Development Department is responsible for developing, implementing and operating programs for the City's youth. The Department is located in and

manages a City owned community and recreational center in Census Tract 7023. According to the 2000 census, 61.5% of the population is living below the poverty level and 87% is low to moderate income.

The Center also houses the City's Urban League, an NAACP office, neighborhood police program office, and library branch. The City is working to partner with agencies that can help make more efficient use of the facility.

- Preserving and creating jobs and promoting economic recovery

The City of Canton was awarded a grant for \$45x,xxx to fund a program that funds summer jobs for youth ages 16-24. The City will provide skill training that will help prepare the youth for the workforce, with a goal of employing 150 youth. The youth set goals for themselves and receive assistance developing a plan to achieve those goals. The youth will be employed in various areas of the City. Forty youth will be working with a program that is doing whole-house rehabs for low-income residents. Other youth will be working in programs at a nursing home, several summer camp programs, a summer food program for low-income children, various City offices, as well as neighborhood mowing and clean-up activities. An attempt is being made to place the youth in positions that will give them experience in their individual areas of interest.

In the fall of 2009, a year-round program is being planned will help at-risk youth return to or complete their high school education. The fall program will also connect the youth with essential services, assess their individual needs and skills and prepare them for college and/or the job market. The City is currently considering an apprenticeship program that will train flooring installers, as well as researching other training and educational options.

- Assisting those most impacted by the recession;
The youth in both the summer and fall programs will be primarily from low-income households.
- Providing investment needed to increase economic efficiency;
An educated, prepared workforce is vital to continued growth in the community.
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
